"This year, we reached an inflection point for the Company, delivering a profitable year on a non-GAAP basis while generating a positive cash flow and ending the year with a record level of cash.

"Our new multi-year contracts secured during 2022 on top of our current agreements provide good visibility and a strong backlog for 2023 and beyond. We also had an encouraging start to 2023 as we secured another North American contract for our solutions.
